

THE BRAINERD DAILY DISPATCH

Volume 10, Number 10.

BRAINERD, MINNESOTA, TUESDAY, JUNE 14, 1910.

Price Two Cents

There are 13 Days of the Contest Left

TRIPLE VOTE WEEK IS LIKE HALLEY'S COMET

It will soon pass into oblivion and the great vote offer that we have made will pass into history. Many comments are heard on every side at the opportunity that awaits new entrants. Gather in the votes. This week is the crisis.

Tarry not by the wayside and waste precious moments of your time. Tarry you, in your day of want, shall regret it. This is a saying as old as the hills and one that should be heeded by everyone.

At precisely 10 p. m. Wednesday, June 15, triple vote week closes, remember this. The offer made by The Dispatch this week surpasses all other offers made and we mean exactly what we said when we stated that this is positively the best offer of the contest and no more votes will be issued on any subscription, and in all probability less. Get to work and gather in your subscriptions and get all the votes you possibly can for them. Make the most of the opportunity you have at the present.

VANISHING
Once every seventy-five years Halley's comet or wanderer, as it is more familiarly known, passes the earth, and is visible to its people for a period of three months. The astronomers know just about when to expect it and just about when it will depart.

At first Halley's Wanderer was visible only to the eye of astronomers, with the aid of powerful telescopes, then, little by little, it became visible to the naked eye and it was possible for everyone to see it. Then as it started its backward journey it became a fleeting, vanishing celestial body of fainter and fainter form until now it is just possible for the skilled astronomer, with the aid of his powerful telescopes, to see it.

One week ago we announced that turned in, and that it was positively the best offer of any kind that would be made during the entire contest. It became more and more of a reality during the first three days of the week, but the turning point is come and triple vote week, like the much heralded comet, is vanishing. If you want triple votes for your subscriptions, you must get them in. Like Halley's comet, this offer will soon be out of sight, having passed into oblivion.

THE MAMMOTH PRIZE
The Mammoth Prize of The Brainerd Dispatch's contest, "The Dispatch," the \$1050.00 four-passenger Buick automobile, Model 10, is one that any lady might well be proud to call her own. To say that this car is a beauty is to put it mildly. It has more extraordinary records for speed and reliability than any car on the market today selling at the same price as shown by the Buick victory at the Indianapolis Roadway Meet for automobiles of all classes in October of last year.

Also its records at Oroway, Palm Beach, Fla., track in January of the present year. At both of these meets the Buicks won more events and severity tests than any other two cars of other makes that cost from four to eight times as much. The

MET THE GOVERNOR

Business Men and Others Assemble at the Commercial Club Informally on Monday Afternoon

The occasion of Gov. Eberhart's visit to Brainerd on Monday was taken advantage of by the citizens generally to get acquainted with the chief executive of the state and to pay their respects to him. The governor was met at the train in the forenoon by a delegation of citizens and after a rest of some hours, he was escorted to the Commercial Club rooms where a representative gathering had assembled. The governor met the people individually and after social conversation, President Halsted in a few words called on Gov. Eberhart to make a few remarks. The theme of the gentleman was along the lines now most interesting to the people of the northern part of the state and which is especially applicable at the present time, coming so soon after the meeting of the Northern Development Association at Crookston. The governor said he was in hearty sympathy with the movement for reappointment and endorsed the principles and resolutions adopted at the Crookston meeting. He spoke of the immense value the December meeting of that association would be to Brainerd and to Crow Wing county, bringing as it would the entire legislative delegation from the northern part of the state and many from the southern section. He advocated the plan of

You have one more day in which to make a hit. Three balls, two strikes and all bases full. Are you going to make a home run? Ssh! Triple vote week—it gives you the chance. Are you going to make the most of it? If you don't, the fans are going bug-house, and they are going to bawl you out in great shape. Be a Hans Wagner or a Ty Cobb. Wallop her out. Show the fans (your friends) that you can deliver the goods and bring in a score (The Dispatch, Model 10 Buick.) Don't fan out. If you do it's your own fault. You've lost your nerve. Boost up your batting average and win the auto. You au-to and you can.

Ty Cobb, the great American league batter, says he's going to win the Chalmers-Detroit touring car by having the largest batting average in the American league for the season, and that lasts three months yet.

You have got a chance to win an auto in two weeks and it all depends whether you reach first base this week or not.

Three balls, two strikes and bases full!

Make a home run!

Flatt, the big imported and much lauded ninety horse power French racing car, that sells for \$10,000 was second on the list in both of these events.

This is your chance to get one of these popular and proven cars. Don't let it slip by you. Get a nomination blank, fill it out and enroll yourself in the contest without delay. Then call up the contest manager, who will be very glad to tell you how to start out right.

DIVISION BY DISTRICTS.

In order that the competition and prizes may be more equally divided, the field covered by The Brainerd Dispatch has been apportioned into five prize districts.

DISTRICT NO. 1.
Comprises all the territory south of the N. P. tracks and west of Broadway including the west side of Broadway. The lady receiving the highest number of votes in this district, after the Mammoth Capital and Grand prizes have been awarded, will receive one of the \$60.00 scholarships. Second highest, one of the \$25.00 watches.

Dollie Mahlum.....\$3054
Gertrude Peterson.....\$2506
Catherine Bone.....\$4358
Emma Whitford.....\$309
Stella McCauley.....\$649
Mamie Peters.....\$500
Esther Bellmuth.....\$500
(Continued on page four)

sending invitations to other commercial bodies, prominent farmers and others that they might send their representatives to the Brainerd meeting and there become acquainted with the needs of the northern part of the state and the inequality of the representation at present allotted to this section, and his opinion was that with the forceful arguments that would be set forth, a long step toward righting the wrongs and gaining help toward passing laws that would benefit Northern Minnesota would be gained. The governor stated that he believed the reapportionment idea would be solved at the coming session of the legislature.

Governor Eberhart covered other subjects and stated during his informal talk that the school question was one in which he was vitally interested, probably more than any other, and he outlined in a forceful way some of the remedies that could be applied to advantage.

After the meeting the governor was taken about the city for an automobile ride and he expressed himself as highly pleased with the prosperous and pleasing appearance of things. The governor will be one of the principal speakers at the December meeting of the Northern Minnesota Development Association, which meets in this city on the 1st and 2nd of that month.

Morocco.

Morocco, in spite of its close proximity to Europe, is the most fanatical of the Mohammedan countries.

LOUIS W. HILL.

Annoyed by Press Reports of His Conservation Views.

HILL WILL WRITE DENIAL

Great Northern President Not a Conservation Convert.

St. Paul, June 14.—Conservation is not synonymous with conversation, in spite of the similarity of sound between the two words. This is a position maintained by L. W. Hill, president of the Great Northern railway, who declares that because of a little overmuch of conversation his views on conservation have been distorted. "Mr. Pinchot, in one of his cheerful, playful moods, announced that he had converted me to conservation," said Mr. Hill. "Through the press that statement has been circulated all over the country, and as a result my office has been flooded with telegrams from people who have been wanting to know my position. It makes the situation embarrassing. I shall write a denial."

SHIPPERS CALL ON CHIEF EXECUTIVE

President Declares Railroads Must Have Square Deal.

Washington, June 14.—In talking with a delegation of shippers representing the entire country, who called to congratulate him upon his course in the recent railroad negotiations and in preventing an increase in freight rates, President Taft again expounded the doctrine of the square deal. He told the shippers that unless the railroads were given a fair profit it would deeply affect the shipping interests. He declared that the prosperity of the shippers and the carriers must be mutual; that neither could move ahead without the other. The railroads, the president said, were entitled to a reasonable return, and it was to secure this to them that the new railroad bill proposed to give to the interstate commerce commission the right of inquiry to ascertain what a reasonable rate should be. In this inquiry Mr. Taft promised that both shippers and the railroads would be given equal opportunity to present their case.

DISCLAIMS NEW PARTY MOVE

Pinchot Emphatically Denies Making Partisan Speech.

Cleveland, June 14.—Gifford Pinchot, former chief forester and former Secretary of the Interior, Garfield returned here from the Twin Cities, where he addressed the Roosevelt club Saturday night. Pinchot was emphatic in his denials of an attempt to launch a new political party. "I said nothing along that line," declared the former chief forester. "The meeting was not a partisan one. My reference to parties was a statement that it is better to be a good citizen than a good Democrat or a good Republican and that the special interests are equally as strong in both parties."

This disclaimer was seconded by former Secretary Garfield. "Nothing was said by Mr. Pinchot or myself with reference to the formation of a new party," said he.

Cool Railway Station Robber.

Fort Dodge, Ia., June 14.—A self-proclaimed criminal entered the Illinois Central station at Duncombe through a window while the agent was at dinner, took \$80 and went down the track at a dog trot. Pursuit was begun while he was still in sight, but he cut through fields, evaded his pursuers and is thought to have boarded a Chicago Great Western train at Vincent.

Fall of Two Feet Fatal.

Fort Dodge, Ia., June 14.—Charles Lewis, colored, fell two feet while working on the new federal building, ruptured the back wall of his stomach and is now dying of peritonitis. Lewis was wheeling a load of concrete across a suspended board when it broke.

ATTACKS PAYNE TARIFF MEASURE

Senator Dolliver Delivers Stirring Speech in Senate.

RIDICULES TAFT'S FIGURES

Iowan Declares Statistics Presented by Chief Executive in Several Speeches Were Misleading and That the President Had Been Imposed Upon in Regard to Them—Says Schedules Were Dictated by Manufacturers.

Washington, June 14.—Senator Dolliver of Iowa delivered a remarkable speech in the senate in support of "insurgency" and against the Payne-Aldrich tariff law. Mr. Dolliver charged the Taft administration, in effect, with using the patronage club in an effort to beat recalcitrant party members into line and served notice that they could not force him to yield in this way. He ridiculed the figures which President Taft had presented in his speech at Winona and elsewhere to prove that the Payne-Aldrich revision was a movement downward and declared that the president had been imposed upon in the matter of these statistics, which had been handed to him by his supposed friends.

"Vagrant children left in William H. Taft's intellectual household and adopted by him," was the way Senator Dolliver described the statistics that the president had presented to the country in defense of the "best tariff law ever framed in the United States."

Senator Dolliver reiterated his charges of last year that most of the tariff schedules were dictated by the manufacturers themselves. He scoffed at the idea that the Payne-Aldrich law was revised downward and presented figures in support of his contention. Bill Coerced Through Congress.

He declared that the bill had been put through congress by log rolling and coercion and quoted Secretary of the Treasury MacVeagh, Senator Elkins, a regular of regulars, and even President Taft himself in support of some of his statements in regard to this charge.

Senator Dolliver served notice on the Republican organization that they could not force him out of the party; that he intended to stick and to fight to the end methods used by his party in the past.

"The truth is," said Senator Dolliver, "that last year witnessed two events of worldwide interest and significance—the discovery of the North pole by Dr. Cook and the revision of the American tariff downward by the senator from Rhode Island, each of them in itself a unique hoax, and both of them unhappily introduced to the favor of the American public by the highest official congratulations."

Senator Dolliver spoke for more than three hours. Nearly every chair in the senate was occupied and the galleries were crowded. At the conclusion of his speech the senator was surrounded by the progressive band and by many Democrats who congratulated him.

SOO LINE PAYS \$10,500 FEE

Largest Sum Ever Paid Into North Dakota Treasury.

Bismarck, N. D., June 14.—The largest sum of money ever paid into the state treasury in one sum was paid by the Soo railroad when the office of the secretary of state received a draft for \$10,500 for increasing the capital stock of the company from \$21,000,000 to \$42,000,000.

The law provides for a charge graduated according to the capital stock of corporations for filing articles of incorporation and certifying increases of capital stock.

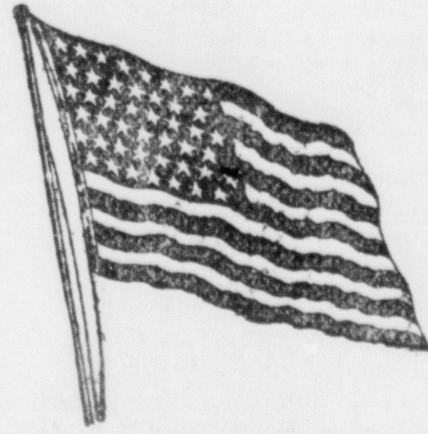

Some time ago the Soo applied for a certified copy of its articles of incorporation and they were certified by Secretary Blaisdel at \$21,000,000. At the same time the company was notified that an increase in its capital stock to double the present sum would necessitate the payment of a fee as stated above. The attorneys of the road advised that the payment of the fee was necessary to comply with the law of the state and the check was accordingly forwarded.

Colt Kicks and Kills Driver.
Toledo, N. D., June 14.—Clarence Price, sixteen years old, was instantly killed here when he was kicked in the head by a horse. The young man was driving a colt hitched to a cart and was racing with his brother who was on horseback. As he turned to speak to his brother the colt kicked, striking the driver in the temple.

Stole to Buy Food.
La Crosse, Wis., June 14.—In a remarkable confession in which he said that hunger drove him to commit burglary Frank W. Jerome of Minneapolis pleaded guilty to the charge of burglarizing the Krouner hardware store before Judge Brindley and was sentenced to eighteen months at the Green Bay reformatory.

FLAG DAY, JUNE 14.

"O'er the land of the free And the home of the brave."

MAJOR PICKLER IS DEAD

Former South Dakota Congressman Passes Away.

Faulton, S. D., June 14.—Former Congressman John A. Pickler of this place is dead after a long illness. Mr. Pickler was born near Salem, Ind., Jan. 24, 1844. He removed with his father to Davis county, Ia., at the age of nine years; entered the army at the age of eighteen and served three and a half years, two years in the ranks of the Third Iowa cavalry.

Major Pickler removed to Dakota in 1883 and was elected to the Dakota legislature in 1884; appointed inspector in public land service in the interior department April, 1889; was elected to the Fifty-first, Fifty-second, Fifty-third and Fifty-fourth congresses as a Republican.

While in congress Major Pickler introduced the resolution which authorized the first free delivery of mail to farmers. He was a pioneer and leader in developing the state.

After his retirement from congress Major Pickler practiced law and built up large real estate interests. He is survived by his wife and several children.

At twenty-one he had become a major in the Civil war by his bravery.

CANNON LISTENS TO EULOGY BY FRANK NYE

Minneapolis Member Entertains the Lower House.

Washington, June 14.—Representative Frank Nye of Minneapolis entertained the house for forty minutes "offering a few suggestions upon the general theme of patriotism and progress."

The Minneapolis member gave forth an utterance that pleased the regular Republicans. It was a very mild rebuke of the progressives by inference, however, rather than by direct speech. Mr. Nye eulogized Uncle Joe Cannon, dwelt upon his services to the country, exalted the Republican party, urged more harmonious relations among men in public life, and spoke to some extent about the beauties of nature. At the conclusion of his address Mr. Nye was given an ovation by the Republicans, although the speech irritated some of the Democrats, notably Representative Jack Beall of Texas, who replied to it as follows:

"Mr. Chairman, I listened with great interest to the funeral oration of the clerical looking gentleman from Minneapolis and, like most funeral orations, it proceeded upon the theory that concerning the dead it is not proper to say anything but good. Ever since I can remember the Republicans have been hiding behind the tombstones of some of the founders of that party and I am growing a little suspicious, because I have noticed that when they praise their ancestors most they have their hands deepest in the people's pocket."

Boy Perishes in Fire.

Sioux Falls, S. D., June 14.—As the result of a fire of mysterious origin, believed to have been caused by an exploding lamp, the two-year-old son of Mr. and Mrs. Ernest Weaverling, who resides on a farm in Charles Mix county, lost his life, and the home and contents were entirely consumed. After supper Mrs. Weaverling put the little boy to bed and went to assist her husband with the milking. She had been gone only a few minutes when it was discovered that the house was on fire. The father rushed into the dwelling for his boy, whom he found on the floor, evidently having been suffocated.

Irrigation Delegates Named.

St. Paul, June 14.—Governor Eberhart has announced the appointment of the following as delegates to the National Irrigation congress, which meets in Pueblo, Colo., in September: Professor John T. Stewart, George A. Ralph, Professor Thomas Shaw, G. J. Ryan of St. Paul; P. L. How and O. D. Heffner, Minneapolis; A. D. Thompson and C. P. Craig, Duluth.

Manslaughter Charge Dropped.
Bemidji, Minn., June 14.—Fred Nyberg, charged with manslaughter in the second degree and alleged to have inflicted injuries on Louis Olander while in a mixup in a local saloon last Friday night, breaking Olander's neck and causing his death, was given a hearing and discharged.

AWFUL LOSS OF LIFE IN FIRE

STATE CAPITOL DEDICATION

Event to Occur at Pierre on June 29 or 30.

Pierre, S. D., June 14.—It has been definitely decided that the dedication of the new state capitol will be held June 29 or 30, while the conservation congress is in session.

Among those who have definitely accepted invitations upon the programme are Governor Eberhart of Minnesota, George Welsh of the Minnesota immigration department, and F. E. Howe of Washington, head of the department of agricultural education. A number of other men of national prominence have made partial promises to attend. The committee in charge of the work is receiving hundreds of letters from delegates over the state announcing their intention of being present. The whole outlook at present is for one of the largest gatherings of business men of the state, from all walks of life, ever held in South Dakota.

A move is under way to hold at the same time a conference of Northwestern states on the subject of immigration.

OPPOSES CAPITAL REMOVAL

Governor Haskell May Call Out Oklahoma Militia.

Oklahoma City, Okla., June 14.—Over the door of a parlor in a local hotel hangs the sign "Governor's Office." Inside has been transacted some official business for the state.

In the hotel also are the offices of Attorney General West and quarters for other state offices were secured in office buildings and in a schoolhouse. None of the records are here, however.

With a state court injunction starting him in the face and an order from the federal court demanding that he show why he should move the capital from Guthrie, Governor Haskell remains firm. It is rumored that the governor contemplates calling out the First regiment of militia to aid the state officers in taking possession of their records in Guthrie.

Highest Cathedral Tower.

The highest cathedral tower in the world is that of Ulm, in Austria. It is taller than the Washington monument and the pyramid of Khufu, at Gizeh. The Eiffel tower is the only modern construction which surpasses it in height.

Between Twenty and Thirty Persons Perish at Montreal.

TANK CRASHES THROUGH ROOF

Supports of Sprinkler System Supply on Herald Building Give Way and Thirty-five Tons of Metal and Water Fall to the Basement—Fire Breaks Out Immediately, Adding Horror to the Disaster.

Montreal, June 14.—Between twenty and thirty people lost their lives when the supports of the sprinkler system tank on the roof of the Herald building gave way and the great mass of metal and water, weighing thirty-five tons, went crashing to the basement.

Fire broke out immediately, adding its horrors to the disaster. The firemen displayed splendid heroism in rescuing scores of people from perilous positions in the tottering walls. Some of the walls had to come down before the work of recovering the bodies could be safely attempted.

The first warning of the impending disaster passed almost unnoticed. There was a slight cracking; then a little more, somewhat more pronounced, but it was not until the ceiling plaster began to fall that a rush for the stairway began. Before any one reached it there occurred a final deafening crash and then chaos. Some survivors tell of falling one and two floors before the awful crash died away and then they found themselves able to crawl through the dense dust to a place of safety. The majority sought safety by rushing to the front of the building. Fortunately all the floors held about thirty feet from the front wall, and to this is due the fact that the death list did not run into the hundreds, for there were nearly 300 people in the building at the time.

Girl Displays Great Heroism.

One ladder was hoisted, reaching to the fourth floor, on which the bindery was located. It came between two windows. From one of these a little girl crept along the coping until she could reach the ladder. Grasping a rung with one hand and placing a foot on another, she lent a helping hand to eight or ten girls twice her size. When all the girls had reached the ladder and had been brought down to safety she came down alone.

A dozen injured people were brought from the ruins by the firemen, many of them with broken limbs. All of the members of the editorial staff escaped unharmed, their quarters being located in the front of the building. John C. Walsen, editor of the paper, and the members of the staff were rescued from windows by firemen.

The fire started from the stereotyping department, the red hot coals from the furnace evidently being distributed on the different floors through which the pots passed on their way to the basement, for the fire appeared to start almost simultaneously on all the lower floors. The building was valued at \$150,000 and was owned by the Herald company, while the valuation of the plant is placed at \$300,000. About half the linotype battery remained in position and it is believed that the two newspaper presses, located in the basement, were not seriously damaged. The insurance on the building and plant totals \$177,000.

CLOUDBURST IN GERMANY

Late Estimates Place Dead at One Hundred and Fifty.

Cologne, Germany, June 14.—Great loss of life has occurred in the Ahr valley of the Eifel region as the result of a cloudburst which swept the district Sunday night. Late estimates place the total number of dead at 150.

The greatest loss of life occurred where two barracks containing Italian and Croatian laborers employed on the railway were swept away. The inmates were surprised in their sleep and generally unable to help themselves. Thirty-seven bodies have been recovered.

The flood subsided as suddenly as it came and the danger is now past. Many peasants, however, have lost everything and are dependent on charity.

Mining Engineer Killed.

Duluth, June 14.—J. D. Williams, engineer at the Agnew mine, about two miles south of Hibbing, was run over and killed by a Missabe railroad engine. He was walking along the track toward Mitchell and did not hear the engine, which was backing toward him. The emergency brakes were applied, but it was too late. Mr. Williams was about forty-five years old and leaves a family.

TUESDAY, JUNE 14, 1910

The next governor of Minnesota, as well as the present one, honored Brainerd Monday with his presence.

Congressman Lindbergh is to enlarge his field of insurgency and will take the stump in North Dakota in the interest of the insurgent senators who need help.

There is no question as to Gov. Eberhart's stand toward Northern Minnesota as anyone can attest who attended the informal meeting at the Commercial Club rooms on Monday afternoon and heard his remarks. The governor is sincere in his statements and he believes that the reapportionment question will be settled at the coming session of the legislature.

The daily press brings the news that Sam Iverson's contest in Freeborn county has been successful at the primaries and that delegations favoring his renomination as state auditor from his home county have been elected three to one over those of A. W. Thompson, from the same county. If this is true it means that the contest for the nomination lies between Iverson and R. J. Wells, and it will be a battle royal.

The December meeting of the Northern Minnesota Development Association will be held in this city on the 1st and 2nd of that month. The opera house has been engaged for the two days and Gov. Eberhart has been secured for an address the first day. The arrangements will be completed and the program outlined long before the meeting is held. It is expected and predicted that it will be the largest gathering of representative men ever gotten together outside of the large cities in the history of the state. That Brainerd will make good in taking care of the crowd goes without saying, as every citizen will vie with the other in giving the visitors a royal welcome and a good time generally. The matter should be considered as the principal event in Brainerd in recent years and as the first impression is usually the lasting one, all must endeavor to make that impression a good one.

Rev. Joseph B. Alten, of the Episcopal church, went to Ten Strike today where he will deliver an address at the opening of a new guild hall.

Mrs. J. C. McColl, formerly connected with the St. Paul Pioneer Press, who recently visited with Mrs. E. M. Slogge, went to Bemidji today.

A STRENUOUS GOVERNOR

Governor A. O. Eberhart

Governor Eberhart is certainly leading a strenuous life. Friday he attended the funeral of the late C. C. Dinahart, where he spoke. In the evening he spoke to the students of the Indian school at Pipestone. Returning to St. Paul on Saturday, he went to Minneapolis and addressed the Norwegian Lutheran Synod, attended by over 400 clergymen and 800 laymen. Coming from there to St. Paul he met former Forester Gifford Pinchot and Secretary James R. Garfield.

Immediately after their reception, he left for Hinckley and spoke at a school officers' convention. In the evening he delivered an address at the Roosevelt club banquet for Mr. Pinchot.

Monday afternoon he addressed the citizens of Brainerd at the Commercial Club rooms, and in the evening he was the speaker at the opening exercises of Bethlehem Lutheran church. This Tuesday morning, he returned to St. Paul on the early train and will address the Woman's Relief Corps convention at Minneapolis and an assemblage at Mendota.

Mrs. Wilson, of Denver, Colo., past department president of the Woman's Relief Corps of Minnesota, will visit her friend, Mrs. E. M. Slogge next week.

C. F. Engstrom, the Little Falls contractor, passed through Brainerd today on his way to Deerwood, where he has secured several building contracts.

Mr. and Mrs. Herman Walsted and baby, George, returned to their home in Minneapolis this morning. They were accompanied by Miss Ruth Hastings.

Division superintendent K. M. Nichols arrived in Brainerd last night in his private car and is attending to railroad business today. He may leave tomorrow morning.

H. H. Hall, county superintendent of the Cass County schools, arrived today to confer with County Superintendent J. A. Wilson regarding the summer school at Brainerd.

Mrs. Thomas Beare, Miss Louise Beare, Misses Fanny and Eloise Smith, Mrs. N. H. Ingersoll and Miss Georgia Schumaker, returned today from Hubert, where they enjoyed an outing.

Mrs. E. M. Slogge, who recently arrived from St. Paul, has engaged apartments in the Cale block. She went to St. Paul today to attend the convention of the Woman's Relief Corps.

Mrs. De Zell, of Minneapolis, the wife of Dr. De Zell, has been visiting Mrs. George Forsythe. She left this noon accompanied by her little daughter, Delphine, and will enjoy a short outing at Sylvan lake.

Thomas Beare, George West, Chas. P. McLeah, Louis W. Sherlund and W. H. Crowell formed a fishing party which went to Lenox early this morning in Mr. Sherlund's new launch. As Mr. Sherlund is a plumber he saw that the expedition was well equipped with all the necessary hot and cold water appointments.

DEATH OF LITTLE GIRL

Daughter of Mr. and Mrs. Herman Haase Died at 12:30 This Afternoon

The three year old daughter of Mr. and Mrs. Herman Haase, died at 12:30 this afternoon from an attack of rheumatism. The funeral arrangements will be announced later.

Notice to Owners and Keepers of Dogs

Take notice, that Ordinances Nos. 21 and 150 of the city of Brainerd, as amended, require each and every dog, owned, kept, or permitted to be kept on or about any premises in the city of Brainerd, to be duly Licensed on or before May 31st of each year.

Take further notice, that unless you procure such license for each and every dog so owned, kept, or permitted to be kept by you, immediately, complaint will be made against you forthwith in the Municipal Court of said city for such violation of said Ordinances, and you will be subject to a fine of Ten (\$10) Dollars, and imprisonment until such fine is paid, not exceeding Ten (10) Days.

Brainerd, Minn., June 11th, 1910.

V. N. RODERICK,
City Clerk.

Unnecessary Weight in Summer

is unbearable—why then wear a straw hat that's several ounces on the wrong side when you can buy the lightest, "snappiest" straw HERE for the same cost?

Talk about 'featherweights'—you ought to try on one of our straw hats—they're as light as the lightest straw and skilled workman can make 'EM. 50c to \$5.00.

Ditto our summer underwear—the most comfortable wear for June, July, August and September. 50c to \$3.00.

ENTERS NEW FIELD

The Fisher-Vaughn Co. Enters the Feed, Fuel and Building Material Business

The Fisher-Vaughn Co. has enlarged the scope of its business by entering the feed, fuel and building material business.

The Fisher-Vaughn Co. has purchased the Schwartzkopf yard and fuel business from Hugo Schwartzkopf and will add this department to its cement contracting business. The members of the firm will put in a good line of feed, fuel, lime, cement plaster, etc., and with Mr. Fisher's long experience in the fuel business they will certainly know how to provide the local customers in these lines, as well as giving the contractors in the building trades a square deal.

Notice

I will probably need a few more boarding places for teachers who wish to attend the summer school. Who can take them?

J. A. WILSON,

9-22d-tlw County Superintendent.

ONE HUNDRED THOUSAND DOLLARS

Bethlehem Lutheran Church

opportune and propitious time. The opening of this church is but one indication of the progress of this city. Brainerd is looking forward to a bigger and better city. The conditions of our city and the church represent the spirit of progress in Northern Minnesota. The governor knows the sentiments of the people of this northern part and we are glad to have such a friend in the governor's chair."

Senator S. F. Alderman sang a solo, entitled, "Hear Me, Ye Winds and Waves." The rich tones of his baritone voice were enhanced by the sympathetic accompaniment played by his daughter, Miss Nellie Alderman.

Miss Jennie Mysen played a piano selection, rendered in her usual artistic manner.

The vocal duet, "I Heard a Voice in the Tranquil Night," sung by Mrs. Geo. D. LaBar and Mr. S. F. Alderman, was a very pleasing number. Their phrasing was artistic and the voices blended beautifully.

The Bethlehem church choir sang "Den Store Hvide Flok," with the pastor taking the solo parts.

Rev. Hostager made the introductory remarks introducing Gov. Eberhart. He was glad that Prof. Cobb's address conveyed so many beautiful and well chosen sentiments. He stated how he had planned to have the governor at the opening ceremony and how, through the ef-

REV. M. L. HOSTAGER

Pastor of Bethlehem Lutheran Church

forts of Senator Alderman, the governor had promised to attend. The pastor, the church and the city counted it an honor to have the governor in attendance at their opening exercises.

Governor Eberhart then addressed the audience. "After so many introductions," said the governor, "I sincerely hope I shall come up to the expectations of the various speakers." He alluded to the people of Brainerd who had treated him so kindly; to the Commercial Club, for the courtesies extended.

He referred to his lineage, mentioning where he derived his strength and his perseverance and he men-

tioned, in a humorous manner, the two hills of corn incident.

He took a great deal of interest in our schools, for our government depended on the schools and the homes of its people. He was always glad to speak to the school children. In referring to the churches, he said it was not right to have only our wives and children going to church. The men should attend too. As one minister said of his church whose congregation was not graced by the presence of many men, "The men of my church are not pillars, they are simply pillars chams."

He complimented the choir for the beautiful singing, stating that good music always left a good impression. In speaking of religion, he believed in a religion whose principles inculcated right living and well doing. The church was fortunate in having a pastor who could sing; who could lead his choir.

The governor admired the windows of the church and from them drew a beautiful lesson. To appreciate the beauties of these windows one had to go into the darkness outside, and then see them when the interior of the church was illuminated. He compared the windows with the eyes, for the eyes are the windows of the soul. The darkness outside he typified as the obstacles; the discouragements and troubles every one of us experiences. Life was not worth the living if there was no struggle. The light within was the light of knowledge; of intelligence, which shone through our eyes into the darkness beyond.

A live institution will conquer anything. All the wealth of Minnesota piled against the will and intelligence of one young man cannot stop him in his upward career. To make your church successful, make of it a live institution.

The church helps to solve many of the problems the state is interested in. He called attention to the beautiful verses from the fifth chapter of St. Mathews, wherein one is admonished to first become reconciled to one's brother before a sacrifice is offered in the church. Great disasters like the Chicago fire and the California earthquake demonstrated that the earth is a great brotherhood, for the aid and sympathy extended in such periods came from all the world.

All that is best, cleanest, purest and noblest in American citizenship is represented by the church. The church is stronger than it has ever been. It is a credit to a man to be an active church member. It makes you a better citizen; a better business man.

In conclusion he thanked the pastor and the congregation, as well as the various citizens for the courtesies and kindness shown him and wished them godspeed and all possible prosperity.

The Imperial quartette, composed of John Bye, Albert Swanson, Alfred Mraz and H. H. Wingate, sang a selection.

Senator Alderman sang "Rolling Down to Rio," revealing new lyric beauties of his voice.

Rev. Charles Fox Davis and Mr. J. G. Small were heard in a vocal duet which was well sung and appreciated by the audience.

"The Ninety and Nine" was sung with great feeling by Rev. M. L. Hostager. The piano accompaniment was by Miss Jennie Mysen.

The choir sang, "Come Where the Lilies Bloom," a composition written by W. L. Thompson.

Rev. Hugo Thorene, pastor of the Swedish Lutheran church, delivered the benediction and the opening exercises were concluded.

Governor Eberhart held an informal reception in the church and all shook hands with him and thanked him.

DISTRICT COURT

The Case of Gustus A. Raymond vs. Thomas E. Welch is Now on Trial

In the case of the State Bank of Roberts vs. Crow Wing county Belgian Horse Co., the jury found a verdict in favor of the defendant.

The case of Andrew Christiansen vs. Nels Jensen was called Saturday afternoon, occupied all of Monday's session and went to the jury this morning. The jury after a half hour deliberating, allowed the plaintiff \$3. J. Henry Long, the attorney for the plaintiff moved for a new trial in open court on the minutes.

The case of Gustus A. Raymond vs. Thomas E. Welch was called this morning. Judge McClenahan ordered a special venire for eight petit jurors. A jury was selected and the case will last today and probably part of tomorrow. This is a suit brought by Raymond for commissions claimed.

The Only Real Painting is "White-Leading"

CONSIDER the subject of painting in its broadest sense—in its permanent relation to your property. Estimates should not be based on "painting" merely, in which the paint used may be good or bad, but on "white-leading," which can only mean "painting with pure white lead and linseed oil."

Red Seal

Pure White Lead ("Dutch Boy Painter" trade-mark) manifests its superiority not only in its non-cracking, non-chipping finish, but in holding colors fadeless and weather-proof.

Nor do you have to double your next appropriation for painting by paying for burning off the old paint, as is frequently the case with "painting" for "white-leading" gives an ideal foundation for subsequent painting.

Specify "Dutch Boy Painter" Pure White Lead, the surest and most economical paint for you, the fairest to your painter.

To anyone interested, we will send, free, valuable literature on white leading, including "Dutch Boy Paint Adviser No. 1."

Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort.

Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none in outside heating.

New Perfection Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

Standard Oil Company
(Incorporated)

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wick with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat—ates upward to pan, pot, or kettle—not beyond or around for heating a room.

It has a Cabinet for keeping plates and dishes. It has long, turny chimneys. The nice bright blue of the flame makes the stove ornaments attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

THE TRIPLE VOTE OFFER

Started Thursday, June 9, at 8 a. m. and ending Wednesday, June 15, 1910, at 10 p. m
ON ALL NEW SUBSCRIPTIONS TO THE DAILY AND WEEKLY DISPATCH

IMPROVE THIS OPPORTUNITY—On account of the candidates having received so many promises for votes that they would like to get in as soon as possible, the management of the contest deems it advisable to make this offer of triple votes on NEW subscriptions as an inducement that is expected to result in fulfilling every promise made. Again, this special offer will give every contestant a chance to overcome any lead that has been made so far, and is fair to on and all, so it is of the utmost importance that those who wish to secure as many votes as possible should BRING IN THEIR SUBSCRIPTIONS THIS WEEK.

GET BUSY, NOW IS THE TIME

THE SCHEDULE OF VOTES DURING
Votes will be given on arrears and
Daily and Weekly Brainerd Dispatch.
